(OPEN SPACE MAINTENANCE DISTRICT NO. 35 [SUNBOW II])
CITY OF CHULA VISTA**

INTRODUCTION

The City of Chula Vista (City) has been requested to initiate proceedings to establish a Community Facilities District to include that property commonly known as Sunbow II for the purpose of providing maintenance and services of medians and parkways, community walls, landscaped and irrigated slopes, natural non-irrigated open space and certain drainage channels and detention basins which will be constructed with the Sunbow II development. Creation of the Community Facilities District will provide funding to meet increased demand upon the City as a result of development within the boundaries of the proposed Community Facilities District (District).

The proposed District is located in the City of Chula Vista, County of San Diego, State of California, as depicted on a reduced map of the boundaries thereof, Exhibit A, Boundary Map, included herein.

The City adopted Resolution No.19063 declaring its intention to form Community Facilities District No. 98-3 (Open Space Maintenance District No. 35 [Sunbow II]) and ordered the preparation of a report describing the proposed services to be financed by the District. The proceedings are being conducted in accordance with the provisions of the "Mello Roos Community Facilities Act of 1982," being Chapter 2.5, Part 1, Division 2, Title 5, commencing with Section 53311, of the Government Code of the State of California (the Act) and the City of Chula Vista Community Facilities District Ordinance. The report has been prepared by, or under the direction of the Director of Public Works and other such officers responsible for the providing of the services to be financed by the proposed District. The report has been prepared in accordance with Section 53321.5 of the Act and includes:

- I) A description of the area to be served, said area being the boundaries of the District.
- II) A description of the maintenance services which are required to adequately meet the needs of the District.
- III) A cost estimate, setting fourth the fair and reasonable costs and expenses for providing the public services to serve the properties and residents within the boundaries of the District.
- IV) The rate and method of apportionment of the special tax in sufficient detail to allow each landowner or resident within the proposed District to estimate the maximum amount of payment.

Part I - Description of District Boundary

The proposed Community Facilities District No. 98-3, (Open Space Maintenance District No. 35 [Sunbow II]), is generally described as lands within Chula Vista Tract 90-07.

The boundaries of the District are described in Exhibit A of this report. Reference is hereby made to the full scale Boundary Map for Community Facilities District No. 98-3 on file in the office of the City Engineer of the City of Chula Vista.

A full listing of all parcels included in this Mello-Roos formation, as they existed at the time the District was formed, can be found in Exhibit D.

Part II - Description of Maintenance Services

Section 53311.5 of the Act provides for alternate financing of certain services in developing areas. Since there are no other means of financing these services available to the City, and since the services are required to meet additional demands on the City as a result of development occurring within the proposed District, the financing of the proposed services is in accordance with Section 53313.5 of the Act and the City of Chula Vista Community Facilities District Ordinance.

The proposed services include all direct, administrative, and incidental annual costs and expenses related to providing for the maintenance and servicing of facilities including irrigation, cultivation, installation and replacement of plant material, tree trimming and necessary supplies; personnel, utility and equipment costs; contract services where applicable; maintenance and servicing of parkway and median, landscaping, drainage facilities, and open space slopes, trails and walls.

Maintenance and services to include but not be limited to the improvements listed below. Reference is made to the Map included as Exhibit E which more fully identifies the locations of the improvements to be maintained within Open Space Maintenance District No. 35 - Sunbow II.

MAXIMUM SPECIAL TAX RATE

Class 1 - Developed Property

TABLE 2

OPEN SPACE MAINTENANCE DISTRICT NO. 35 - SUNBOW II

<u>MAINTAINED FACILITY</u>	<u>RESIDENTIAL COST/EDU/YR</u>	<u>INDUSTRIAL COST/ACRE/YR</u>	<u>COMMERCIAL COST/ACRE/YR</u>	<u>TOTAL COST PER YR</u>
1. Street Medians and Parkways	\$63.48	\$1,269.60	\$1,587.00	\$185,177
2. Landscaped and Irrigated slopes	\$240.26	\$1,201.30	\$1,201.30	\$521,599
3. Natural non irrigated open space	\$34.40	\$172.00	\$172.00	\$74,686

Max Special Tax Rate	\$346.11	\$2,682.75	\$3,000.15	\$798,776

Class 2 - Undeveloped Property

The maximum special tax rate that may be levied within the District commencing with July 1, 1998 for Class 2 - Undeveloped Property is as follows:

Maximum Special Tax Rate Equals \$2,066.16 per Acre

INCREASING THE MAXIMUM SPECIAL TAX RATE

Beginning with Fiscal Year 1998-99, the Maximum Special Tax Rates shall be increased or decreased each Fiscal Year thereafter by a factor which shall be the lesser of the January to January San Diego Metropolitan Area All Urban Consumer Price Index (CPI) or the annual change in the estimated California Fourth Quarter Per Capita Personal Income as contained in the Governor's budget published every January.

LEVY AND APPORTIONMENT OF SPECIAL TAXES

The City shall determine the Special Tax Liability in each Fiscal Year on or about every July 1. The Special Tax Liability shall be then levied on each Parcel in the Class 1 - Developed Category and Class 2 - Undeveloped Category in the following order of priority:

- Step 1:** Determine the maximum revenue which could be generated in the District by multiplying the total Equivalent Dwelling Units (EDU's) of all Developed Parcels assigned to the Class 1 - Developed Category by the Maximum Special Tax per EDU.
- Step 2:** If the total revenue as calculated in Step 1 is greater than the Special Tax Liability for the District, reduce the Special Tax for each Parcel proportionately so that the Special Tax levy for the Fiscal Year is equal to the Special Tax Liability for the Fiscal Year.
- Step 3:** If the total revenue as calculated in Step 1 is less than the Special Tax Liability of such Special Tax Area, a Special Tax shall be levied upon each Parcel assigned to the Class 2 - Undeveloped Category.

The Special Tax for the Class 2 - Undeveloped Category shall be calculated as the lessor of:

- (I) The Special Tax Liability for the District, less the total of funds generated for all Parcels under Step 1 above, divided by the total Acres for all Parcels

assigned to the "Class 2 - Undeveloped Category" within the District.

OR,

(ii) the Maximum Special Tax rate for Class 2 - Undeveloped Category Parcels.

Step 4: The total Special Tax Liability for each Parcel shall be the sum of the Special Tax Liability for each of the type of maintained facilities as defined in Table 2.

EXTRAORDINARY SPECIAL TAX

At the beginning of each Fiscal Year, the City shall determine whether the levy and collection of the Extraordinary Special Tax is required to protect against any changes in density or development that would result in the generation of insufficient Special Tax revenues within the District. The Extraordinary Special Tax shall be in addition to any annual Special Tax levied upon the Parcel for that year.

Step 1: The City will determine the Maximum Special Tax Revenue that can be collected from the Class 1 - Developed Category at build out for each of the SPA Planning Areas as shown in Exhibit C. Exhibit C shall be modified each Fiscal Year to reflect changes in land use, number of units, total acres and total EDU's within the planning areas within the District.

Step 2: If the amount calculated in Step 1 for any of the SPA Planning Areas is less than the Special Tax Liability for that SPA Planning Area, the difference between the amount calculated above and the Special Tax Liability is the "Special Tax Deficiency." The first time a Special Tax Deficiency applies to a SPA Planning Area, the amount of Extraordinary Special Tax shall be determined by calculating the present value of the Special Tax Deficiency using an interest rate of 5.5% and a term of 50 years. The Extraordinary Special Tax as determined above shall be proportionately levied to all Parcels assigned to the Class 2 - Undeveloped Category, provided, however prior to June 1 of each year in which there is a Special Tax Deficiency, the owner of Class 2 - Undeveloped Land may, at its election, post security in lieu of the Extraordinary Special Tax that would otherwise be levied plus an amount sufficient to compensate for lost earnings on investment of the Extraordinary Special Tax if it were to be levied.

Step 3: Any Extraordinary Special Taxes collected by the City shall be deposited in the Extraordinary Special Tax Account, including interest earnings thereon. Monies held in the Extraordinary Special Tax Account may be used annually to the extent that the Special Taxes to be collected from Developed Parcels and Parcels assigned to the Class 2 - Undeveloped Category are insufficient to fund the Special Tax Liability of the District; provided, however, that under no circumstance shall the City use monies in the Extraordinary Special Tax Account to fund Special Tax Delinquencies.

Step 4: In each Fiscal Year subsequent to the first time a Special Tax Deficiency applies to the District, the City shall calculate the Extraordinary Special Tax as provided for in Step 3 (i.e., using an interest rate of 5.5% and a term of 50 years) and apply one of the following procedures:

(I) if the amount of Extraordinary Special Tax is greater than the balance in the Extraordinary Special Tax Account, then the difference shall be proportionately levied to all Parcels assigned to the Class 2 - Undeveloped Category within the District;

(ii) if the amount of Extraordinary Special Tax is equal to the balance in the Extraordinary Special Tax Account, then no Extraordinary Special Tax shall be levied for the Fiscal Year;

(iii) if the amount of Extraordinary Special Tax is less than the balance in the Extraordinary Special Tax Account, then the difference shall be refunded to the property owner that previously paid such Extraordinary Special Tax.

EXHIBIT B

FACILITY MAINTENANCE COSTS AND SPREAD METHODOLOGY

The estimated annual budget amounts for each of the types of facilities that will be maintained, operated and managed and to which services will be furnished must be distributed to the parcels within the boundary of the District based on an equitable methodology. There are a number of different methods for apportioning the costs including size of parcel, number of people being served, traffic trips generated by parcel, etc. The method that most equitably distributes the costs taking into account the type of facility and how it serves the population is the method that is used.

In each case, the method that is used is converted to a basic unit called an Equivalent Dwelling Unit (EDU). The single family detached dwelling unit is one EDU and other land uses are a ratio relative to this base measure. The value of an EDU is based on EDU factors for which support data is available from the City of Chula Vista and/or SANDAG.

For the Sunbow II Open Space District, two spread methods were utilized to distribute the costs of the services provided. For the Landscaped Medians and Parkways, the spread method utilized was the Trip Generation Method. For all other types of services, the Population Method was utilized. Equivalent Dwelling Unit factors for each of the methods are presented in the subsequent tables.

Following is a summary of the facility maintenance costs and spread methodology used to distribute the cost to the parcels and the various land uses for each of the types of facilities.

AT BUILD OUT**

Exhibit C presents the proportionate share of the total maintenance cost allocated to each of the SPA Planning Areas at buildout of the Sunbow II Community. In order to provide a contingency for the Extraordinary Special Tax, the units have been reduced from 1,946 to 1,886 (3.1%).

In addition, a portion of the area covered by SPA Planning Area 6 is included in Open Space District No. 18 and is currently being assessed at the rate of 2.55 EDUs in that District. SPA Planning Area 6 will continue to be assessed at the maximum rate of 2.55 EDUs to pay its equitable share in District 18. In addition, when SPA Planning Area 6 converts to a "Developed Property", it will be assessed for the number of multi-family dwelling units constructed (currently 78 units) as its equitable share in District 35.
